

<b>J</b>	<b>Microdeletion Syndromes – Molecular Cytogenetic</b>		
1	Cytogenetic diagnosis of Roberts syndrome		
2	Molecular cytogenetic diagnosis of Williams syndrome		
3	Molecular cytogenetic diagnosis of Langer – Gideon syndrome		
4	Molecular cytogenetic diagnosis of WAGR syndrome		
5	Molecular cytogenetic diagnosis of DiGeorge syndrome		
6	Molecular cytogenetic diagnosis of Smith – Magenis syndrome		
7	Molecular cytogenetic diagnosis of Miller – Dieker syndrome		
8	Cytogenetic and molecular cytogenetic diagnosis of retinoblastoma		
9	Cytogenetic and molecular diagnosis of Prader – Willi / Angelman syndrome		
10	Cytogenetic diagnosis of mixed gonadal dysgenesis	SRY	
11	Molecular and molecular cytogenetic diagnosis of unexplained mental retardation		
12	Molecular cytogenetic diagnosis of Kallmann syndrome		
13	Molecular cytogenetic diagnosis of deletion 22q13
